

Press Release

Anabatic Technologies awarded The Best Innovation Centre by Non Financial Services Institution in Indonesia for 2018 at The Asian Banker Indonesia Country Awards 2018

Jakarta, August 30th 2018- Anabatic Technologies received **The Best Innovation Centre by Non Financial Services Institution Award in Indonesia for 2018** at The Asian Banker Indonesia Country Awards 2018. The award ceremony was held in conjunction with the prestigious The Future of Finance, Indonesia 2018, the annual meeting for decision-makers in the financial services industry in the country, held at the Ritz-Carlton in Jakarta, on August 30th 2018.

The innovation centre promotes product co-creation, collaboration and benchmarking activities

Anabatic Technologies innovation centre focuses on product development with advanced technologies. In addition to designing and testing new technology, the innovation centre also holds targeted marketing activities such as product launch, demo and showcase, as well as co-creation lab. Anabatic has integrated development and testing tools that can be used to manage development process in separate location simultaneously.

The innovation centre developed several innovative products

The innovation centre has completed several key projects, including Pocketbank its digital banking platform, a solution for anti money laundering reporting and a regulatory reporting platform, which is in compliant with the newly implemented regulation from Indonesian Financial Services Authority OJK. It currently has several ongoing projects including a cloud based digital micro-finance core system enabled with open application programming interfaces (API).

Anabatic's Pocketbank, end to end digital banking platform, has been implemented in three banks

Anabatic Pocketbank provides innovative features towards branchless banking, financial inclusion and cashless society and is implemented as a platform technology to banks and non-banks. It is integrated through API providing speed and flexibility to the customers. It is a shared platform which is on-premise and proprietary to banks. It includes mobile lending, e-money, branchless banking solution and mobile payments solution features. The product has been commercialised and implemented across three banks.

Its digital platform improved transaction volumes and reporting convenience for customers

Pocketbank has brought several benefits to its customers such as convenient transactions leading to greater transaction volumes, faster regulatory reporting due to a fully automated report generator and lower security risk due to less manual intervention.
