The Asian Banker Excellence in Retail Financial Services Awards 2010

Citibank India wins the Best Internet Banking Award for the year 2009

- *For the first time, Citibank India wins the Best Internet Banking Award for the year 2009.*
- *Over 120 banks and financial institutions from 23 countries across the Asia Pacific, Gulf and Central Asian regions were evaluated as part of the Excellence in Retail Financial Services Programme.*

Singapore, 19 March 2010 – Citibank India has won the Best Internet Banking Award in the ninth Asian Banker Excellence in Retail Financial Services Awards Programme. The bank received the award at The Asian Banker Excellence in Retail Financial Services Awards 2010 ceremony, held in conjunction with the region's foremost retail banking event, the Excellence in Retail Financial Services Convention. The ceremony was held at the JW Marriot in Shanghai on the evening of March 18th, 2010.

About 120 senior bankers from award winning banks in 22 countries across the Asia Pacific, the Gulf and Central Asian regions attended the formal gala dinner, the industry's celebration of the region's best retail bankers that recognizes their efforts in bringing superior products and services to their customers.

The awards programme, administered by The Asian Banker and refereed by prominent global bankers, consultants and academics, is the most prestigious of its kind.

A stringent three month-long evaluation process, based on a balanced and transparent scorecard, determined the winners and the position of the different retail banks in the region. A full list of winners is attached.

For the first time, Citibank India wins the Best Internet Banking Award for the year 2009

Citibank India has won the Best in Internet Banking Award in for its outstanding performance in the internet banking business in 2009, standing out from the other competitors that were surveyed in the programme.

Citibank India has the single largest channel for financial transactions in India, providing a convenient an efficient internet banking platform for its customers. The well built online platform enables customers to manage their accounts through an enhanced interface. Citibank India is one of the first ones to launch multi-factor authentication – using a combination of

instruments such as hardware tokens, one-time passwords and e-mail alerts for its domestic customers.

"Citibank India's strength in online product innovation and portfolio performance has led to its continued online business leadership and has helped to its increased profitability." said Mr. Chris Kapfer, head of the Excellence in Retail Financial Services Programme at The Asian Banker.

Over 120 banks and financial institutions from 23 countries across the Asia Pacific, Gulf and Central Asian regions were evaluated as part of the Excellence in Retail Financial Services Programme

"This year over 120 banks and financial institutions in 23 countries across the region were evaluated as part of the Excellence in Retail Financial Services Programme. It has become the single most prestigious, comprehensive and anticipated awards programme that recognises the pursuit of excellence amongst retail financial institutions available almost anywhere in the world today," said Philippe Paillart, Chairman of The Asian Banker Excellence in Retail Financial Services Programme.

The transparent award evaluation process uses a balanced scorecard approach and a comprehensive methodology to evaluate the strength of individual banks' retail banking businesses that involves extensive research and probing interviews, and taps on the combined experience of a team of experienced researchers.

Philippe Paillart, formerly vice chairman and CEO of DBS Bank and a pioneer in the retail banking industry in the Asia Pacific region, added: "The Asian Banker Excellence Programme was instituted in 2001 on the premise that an outstanding player in the retail financial services industry should build business franchises that are sustainable, competitive and profitable over a period of time."
