Dubai, April 20th 2017— Abu Dhabi Commercial Bank (ADCB) received the Branch of the Year for 2017 at The Asian Banker's Middle East and Africa Regional Awards Programme 2017. The awards ceremony was held in conjunction with the Future of Finance 2017 Middle East and Africa Convention, held at The Ritz Carlton, DIFC, on April 20th 2017.

ADCB's uBank created a new standard for digital banking in UAE

ADCB opened its first digital banking centre uBank in February, setting a new standard for digital banking in United Arab Emirates (UAE). uBank allows customers to open a bank account, and receive debit cards, credit cards and cheques instantly. uBank also allows customers to consult an ADCB representative on mortgages, investments and insurance solutions through "Video Assist".

The bank adopted latest technologies as part of a paradigm shift towards a "customer-first" focus

ADCB's uBank adopted smart banking technologies that allow customers to enjoy the latest advancements in banking. For example, at the waiting area, customers can use the interactive walls and tablets to know the services available in uBank. Customers can use biometric authentication and a digital signature system to access their accounts.

The bank successfully expanded its footprint across the country

ADCB successfully launched several new branches and automated teller machines in UAE to increase customer accessibility. The bank also established a 'SimplyLife' sales and service centre that enables customers to browse through product information and demonstration videos through multimedia touch screens.

About 70 senior bankers from award-winning banks in the Middle East and Africa attended the Middle East and Africa Regional Awards Programme 2017, which recognises banks'

efforts in bringing superior products and services to their customers. The awards programme, administered by The Asian Banker and refereed by prominent global bankers, consultants, and academics, is the most prestigious of its kind.

A stringent three-month evaluation process based on a balanced and transparent scorecard determines the winners of The Asian Banker International Excellence in Retail Financial Services Awards, and the positions of various retail banks in the region is attached.
