## **DBS and Murex win Market Risk Technology Implementation Award at The Asian Banker Business Achievement Award Dinner 2014**

- Recognised for enhancing the capabilities of the bank's existing Market Risk Engine that will allow flexibility and speed in scenario configuration as well as adjustments for market liquidity horizons.
- The criteria of the award include strength of the implementation process, with a clear business case, balancing the risks involved and delivery of project within time and budget, among others.
- Dinner attended by about 300 bankers and technology providers to recognise outstanding business achievements and best practices in over 70 categories.

**Kuala Lumpur, Malaysia, May 22<sup>nd</sup> 2014**—DBS and its technology partner Murex have been named the winners of the Market Risk Technology Implementation Award for the year 2013 during the 15<sup>th</sup> Asian Banker Summit. The ceremony was held at Kuala Lumpur Convention Centre in Kuala Lumpur on May 21<sup>st</sup> 2014.

The Risk Technology Implementation award recognizes best practices in the implementation of technology solutions and tools for the spectrum of risk management functions comprising reporting and compliance, risk data and analytics, enterprise risk, credit risk and market risk. The criteria for the award are published on the Asian Banker website and comprise strength of the implementation process, with a clear business case, balancing the risks involved and the consideration of a variety of alternative approaches and delivery of the project within time and budget.

DBS and Murex win the award for their efforts and success in the implementation of two projects to enhance the capabilities of the existing Market Risk Engine that will allow flexibility in scenario configuration in half the usual amount of time required, including adjustments for market liquidity horizons. It is one of the first Asian banks to have developed such a capability.

The dinner was attended by about 300 bankers and technology providers to recognise the outstanding business achievements and best practices in over 70 categories across risk management, technology implementation, financial market, transaction banking and banking regulation

The Asian Banker Achievement Awards are widely acknowledged by the financial services industry as the highest possible accolade available to professionals and banks in the industry as recognised in the Asia Pacific region.

A stringent three-month evaluation process based on a balanced and transparent scorecard had been used to determine the winners.
