About the Achievement in Transaction Banking Awards

The Asian Banker Achievement Awards for Transaction Banking programme was instituted in 2001 to identify emerging best practices and leadership in the cash management, trade finance and payments industries amongst international and domestic financial institutions operating in the Asia Pacific and the Middle East regions. The programme is also a repository of evolving best practices from which players can benchmark their own products and processes over the long term.

2. Intimately involved in helping their clients
3. Comprehensive range of services
4. Strong penetration and efficiency of innovative products
5. A high and seamless level of straight-through-processing
6. Attained a high level of satisfaction
7. Ability to compete to win new market share
8. Ability to secure new and complex deals

The Selection Process

The selection process begins in November and ends in March of the following year. The initial selection is through a survey and desk research done by the research team at The Asian Banker. The identified candidates are then subject to further scrutiny through interviews with third parties, including local banking journalists and analysts who have had contact with the candidates, peers and third party reviews. The shortlisted candidates are then submitted for a review by the board of advisors, based on a comparative evaluation done by the research team.
