

Press Release

Embargoed for 9th June 2017

Standard Chartered Bank & Moody's Analytics received Risk Technology Implementation of the Year and Compliance Risk Technology Implementation of the Year for 2017 in The Asian Banker Risk Management Awards 2017

- **Standard Chartered Bank developed high internal standards and robust compliance through the implementation of the Moody's Analytics RiskAuthority™ software**
- **Standard Chartered Bank enhanced operating and reporting efficiency with cost savings**
- **Software is scalable and sustainable**

Singapore June 9th 2017—Standard Chartered Bank & Moody's Analytics received the **Risk Technology Implementation of the Year** and **Compliance Risk Technology Implementation of the Year** awards at The Asian Banker's Risk Management Awards 2017. The awards ceremony was held in conjunction with the prestigious Asian Banker Future of Finance Summit 2017, the foremost annual meeting for decision makers in the financial services industry in the Asia Pacific region, held at the MAX Atria@Singapore EXPO, Singapore.

Standard Chartered Bank developed higher internal standards and more robust compliance through the implementation of the Moody's Analytics RiskAuthority™ software

Moody's Analytics' calculation engines can generate granular results with high reporting standards. With deeper insights into its portfolio, the bank is able to make more informed regulatory and risk management decisions.

Standard Chartered Bank enhanced operating and reporting efficiency and gained cost savings

With the new Moody's Analytics software, the bank's batch processing time has been significantly reduced. Reporting submissions have become more granular and more auditable. Furthermore, significant infrastructure cost savings were achieved from using a high-performance infrastructure solution.

Moody's Analytics Risk Authority software enables scalability and sustainability for the bank

The Moody's Analytics RiskAuthority solution enables the bank to quickly modify configurations in response to regulatory changes and other requirements. This allows for sustainable and scalable use of the software moving forward.

About The Asian Banker
